

E7 ELLIPTICAL

The re-modeled E7 elliptical is a perfect combination of brilliant design, contemporary styling and comfort. The fashionably modern ID design of the new consoles allow for a larger screen, storage area, and brighter image. The resistance design has been electrically retuned for sharper movement and more comfortable use. Also the upgraded software in the Eplus Full is equipped with Bluetooth technology for wireless headphones and HR belts.

FOUR CONSOLE OPTIONS AVAILABLE

LED (New)

Touch (New)

Sport (New)

E Plus (New)

FEATURES OF THE CIRCLE FITNESS E7 ELLIPTICAL

Resistance Level Control

Change the intensity of your ride easily with the shift lever at any point of your workout

Comfortable Strides

Thick padded pedals and silky smooth stride motion provides a comfortable and pleasurable workout

Ergonomic Design

A spacious storage area is designed to hold water bottles in place with additional storage compartments.

HR Sensors & Telemetry

Monitoring heart rate is simple with equipped sensors or optional wireless telemetry strap

Upper Body Arms

Biomechanically-correct upper body arms maintain proper posture and eliminates wrist hyperextension

Reading Rack

An extra compartment suitable for reading material or other personal belongings

Wireless Charging & USB

The wireless charging station is perfect for your phone and small electronic devices.

Easy Grip for Transport

Hand grips located at the rear of the machine which makes relocating the E6 easy

Adjustable Fan

The dual speed and adjustable fan keeps the user cool throughout their workout.

CircleFitness.com

Here at Circle Fitness, we have been providing high quality, efficient, easy to use, and durable fitness equipment for twenty plus years. Quality is foremost when it comes to our equipment. We fully assemble each piece of our equipment in the factory to ensure that every feature and component operates as it should, and it can be easily assembled without problems. Very few companies in our industry perform this level of quality control. Our top tier quality is a result of using high quality materials in everything we build. We use military grade eight bolts to ensure a stable and reliable machine. These standards allow our products to offer full commercial quality even on light commercial products.
