INTRODUCTION

Circle Fitness has been motivating people to always move forward for over 25 years. We believe that new beginnings have the power to inspire people to choose a better life, every day and to discover the potential of what new possibilities lie ahead. To move onward is to have confidence in the future, and purpose for today. This philosophy has inspired our line of industry-leading fitness equipment across semi-commercial and commercial facilities. When we innovate our products, we place quality at the forefront of every engineering choice and material selection—our testament to guaranteeing durability and safety.

Circle Fitness products are found in world-class facilities across diverse markets including athletic centers, hospitality, apartment complexes, and government facilities. Our selection of products is also designed by a team of engineering experts for the highest standards of profession and service. Fully geared with high-tech consoles, our suite of treadmills, ellipticals, and bikes are the benchmarks for today's standards of machinery.

We strive to continue building our legacy, not just by simply moving forward, but by bringing a revolution to the workout industry with versatile, premium equipment that places your facility members at the center of it all.

A L W A Y S

MOVING FORWARD

CORE VALUES

To train better is to be better by transcending the traditional. Durability, performance, and safety should always take top priority. Open-mindedness can create connections with consumers all over the world. Everyone deserves a personalized workout with equipment that delivers dynamic performance. Ingenuity can be both advanced and accessible. Premium technology and operating systems should never sacrifice a stylish design. Authenticity can propel positivity and a healthy way of living. Embracing new eras of change can unveil the best version of yourself eager to happen.

EXCEED THE
EXPECTED

FEATURES

As future-forward visionaries, we know what it takes to provide individuals with an unforgettable experience, and that's what fulfills our ethos for our products across facilities. At Circle Fitness, we pride ourselves on creating durable machinery that requires low maintenance while triumphing in intuitive dynamism.

Our fitness equipment is geared with end-to-end technology from our CircleCloud Go app that inspires movement motivation with real-time connection to touchscreen consoles to your mobile device. Along with Target Train, Virtual Go, and Body Manager, each application excites individuals to track their results and stats. Every product in our line offers specific versatility in its own way, but one guarantee that remains across the board—future-proof features.

360° WELLNESS

CircleFit Apps

Our powerful app boasts a real-time connection with Circle Cloud and our latest touchscreen consoles, giving users the power to master their workouts with just a smartphone. Take control of your fitness; anytime, anywhere.

Sync In

Enjoy all of the features our CircleCloud Go apps offer, right from your phone. Monitor and track progress, or create and edit content with a real-time connection.

Quick Login

Log in into CircleCloud Go hands-free with Quick Login simply by opening the CircleFit app from your phone and connect with the console or body analyzer via Bluetooth.

ALL-IN-ONE APP

This powerful app integrates five functions: Target, Performance, Body, Gym, and Workout. It also enables data sharing with third-party apps (Runkeeper, Google Health, Fitbit, Garmin), providing you with an unparalleled fitness experience.

ASSET MANAGER

Updated and powerful, the new Circle Fitness Asset Manager is the platform to not only maximize your investment but to create a strong engagement with facility members for the most long-term reward.

Overview

A detailed overview gives the operator a clear status of the machines in the facility. The information includes the equipment's usage, running status, software version and more.

Latest Update

Receive the latest information on equipment maintenance, new features, software updates or technical support.

STREAMING ENTERTAINMENT

BT Headphones

Wireless Charger

WHY ASSET MANAGER?

This powerful tool keeps you instantly connected with your upstream and downstream partners, allowing you to share information effortlessly while effectively managing equipment usage data and maintenance status.

PLATINUM SERIES

S T R O N G

F L U I D

U N F O R G E T T A B L E

The Platinum Series is our premium, fully commercial cardio line. It features the most powerful motors, the most intuitive user interfaces, and the best ergonomic designs. The Platinum Series line is crafted with durability in mind, designed not only to suit your needs, but to exceed your expectations.

DESIGNED FOR RESULTS

Everyone deserves a personalized workout with equipment crafted with premium technology and modern designs. Built for daily use and fully commercial locations, the Platinum Series is what fitness equipment should be—innovatively durable.

M8

Intuitive, modern treadmill design with options for LED, 8", 10.1", or 23.8" touchscreens and easily replaceable running belt.

M7

Durably designed for fitness facilities with an easily replaceable running belt, the M7 is highly versatile and adjustable.

FITNESS DONE

YOUR WAY

E8

Total body elliptical, perfect for a range of users—high incline and resistance features and easily replaceable motor belt.

E7

Sleek design and optimized performance make the E7 elliptical easy to assemble and relocate.

B8

Specifically designed for a comfortable full-body training session. Customizable settings, made for every user for endless versatility.

R8

Maximum comfort and control with high-quality manufacturing for safety and durability.

TREADMILL

M 8

Power, performance, and durability are what make the M8 Treadmill a complete package of innovation and meticulously crafted engineering for maximum performance and full commercial use. The M8's intuitive, yet simple design makes it easier and more efficient to assemble, service, and relocate. Find your tempo with customizable settings made for your facility and made to last.

M8 offers highly adjustable features so you can exceed your limitations with ease. The quick shift makes it easy to adjust your speed and incline preference for the perfect workout. 16% incline and elevated paddle shifters allow for a more rigorous hiking feel.

CORE SERIES

AN EXPERIENCE LIKE NO OTHER

Kick any workout up a notch with our Core 6 Series. Superior engineering ensures a selection of top-of-the-line treadmills, ellipticals, and recumbent bikes, so no challenge goes unmet. Featuring our HR Training Zone, easy walkthrough design, and guaranteed durability, upgrade your facility with a brand-new experience.

BUILT TO LAST

The Core Series brings ingenuity, durability, and usability to the forefront of equipment manufacturing. Thoughtfully designed for hospitality, education centers, studio gyms, government training facilities, and more, simplified maintenance takes the top of the list. The Core Series is built to enhance any facility and motivate any user.

M6

Featuring high-grade commercial components, a large running surface, and an easy-to-clean structure.

M5

A simplistic design that delivers a full-body workout with a heart-rate control feature and a design that is efficient in space.

F U L F I L L Y O U R

POTENTIAL

E6

With smooth shifts and superior steadiness, the E6 engineering features are designed to mirror every movement.

R6

The 16 resistance levels and wireless heart-rate monitoring system engages users of all abilities to be bold and better.

B6

With industrial-grade durability and optimal simplicity, the B6 is easy to assemble, clean, service, and relocate across facilities.

TREADMILL

M 6

Let the path ahead guide you toward your goals with the M6 Treadmill. Affordable, durable, and superior, the M6 features high-grade commercial components meant for any space. The M6 Treadmill is available in the standard DC model, or for higher efficiency, the AC model. With unparalleled reliability and energy efficiency, transform any light-commercial facility to the next level.

The M6 features an LED console to track your metrics and challenge your physical limitations. The premier design offers dual speed and inclines toggle shifters for easy usability, and audio input for an immersive workout. Run or walk your way.

M5

RESIDENTIAL & SPECIALTY

Our Residential Series treadmills are so much more than the ordinary. We've built ours with the same craft and care as our light commercial machine line-up, for those who crave superior strength and durability at home. Made with quality materials and customizable LED screens, our Residential line brings end-to-end quality to your home sessions.

Our Specialty Series prioritizes accessibility, safety, and simplicity for users seeking a low-intensity workout regime. Although meant for low-impact sessions, the Specialty Series is tailored for any length of time, any space - and any amount of effort.

OPTIMAL DESIGN

Change the way you think about your workout and get fit on your own terms. The Residential treadmills are meticulously engineered with smooth deck shock absorption to elevate comfort during your home workout. The curved design offers an ergonomic feel, for more space when in incline mode. The Specialty Series is care and convenience in one, with lower speed capabilities for physical therapy efforts and adjustable handrails for all users, safety is always found in the M6 Care treadmill.

FIND YOUR

PERFECT PACE

M6 DC

Allows for a slow and steady return to physical activity, with a start speed of 0.8 KM/H, ensuring safety for a light tread.

M5 DC

Featuring a 15-multi-language selection, side rails made with eco-friendly materials, and easy after-service maintenance, M5 DC brings efficiency and convenience to the forefront.

M6 Care

Equipped with a heart rate monitor sensor or an optional wireless telemetry strap and a curved design for added space, feel emboldened with an experience like no other.

TREADMILL

M6 DC

Experience a new level of comfort, power, and ingenuity with the M6 DC. Unlock your potential with belt technology that moves with you to experience a more dynamic running or walking session. The M6 DC never compromises on safety, superior cushioning and a wide running surface take your workout to the next level without sacrificing performance, or storage space.
