**CircleFitness.com**

Here at Circle Fitness, we have been providing high quality, efficient, easy to use, and durable fitness equipment for twenty plus years. Quality is foremost when it comes to our equipment. We fully assemble each piece of our equipment in the factory to ensure that every feature and component operates as it should, and it can be easily assembled without problems. Very few companies in our industry perform this level of quality control. Our top tier quality is a result of using high quality materials in everything we build. We use military grade eight bolts to ensure a stable and reliable machine. These standards allow our products to offer full commercial quality even on light commercial products.

ALWAYS MOVING FORWARD
